

VOICES

OF CHANGE

Sunderland's Voluntary Sector Heritage Project Volunteer Opportunity: Community Connectors

For over 50 years, Sunderland's voluntary and community organisations have helped shaped our communities, but many stories have never been told. We're building a team of Voices of Change Community Connectors to help us reach the people and groups whose voices deserve to be heard.

What You will Do

- Help identify people with important stories to share
- Build relationships and encourage participation
- Make sure unheard, forgotten stories and voices are included in the project

Who is it for?

Friendly, curious people who enjoy talking to others and helping them feel comfortable. No experience needed – just warmth, interest, and a passion for your community.

What You'll Get Out of It

- A role shaping Sunderland's VCS legacy
- Being part of a supportive volunteer team
- Training in community engagement
- Experience in heritage and outreach

JOIN US

Help shine a spot light on the people and organisations who've shaped Sunderland.
